Refurbishment of the Parish Hall

The parish council is planning to carry out some re-ordering works at the parish hall during the summer of 2019

The reason for this is to increase the capacity at the hall, enabling more than one event to run alongside each other without adverse effect to either hirer, e.g. noise or access issues.

The proposals should enable the hall to be hired out as a modern building with multi use rooms and better facilities than at present.
